PROFESSIONAL SUMMARY

Experienced Senior Software Engineer with a strong track record in developing scalable applications and leading cross-functional teams. Proficient in modern tech stacks including React, Node.js, FastAPI, and cloud platforms.

PROFESSIONAL EXPERIENCE

- Senior Software Engineer

OpenXcell

05-Dec-2022 to 18-Aug-2023

Architected mobile app, CMS portal, and backend systems using React, Node.js, and FastAPI.

Designed and maintained scalable backend infrastructure with AWS and Docker.

Managed MongoDB Atlas and PostgreSQL databases, ensuring high availability and performance.

Collaborated with Agile teams to deliver features using Jira and CI/CD pipelines.

Integrated payment solutions via Stripe and implemented security best practices.
- Senior Software Engineer

Growexx

05-Dec-2022 to 30-Nov-2022

Developed React-based CMS portal and mobile application with TypeScript.

Led backend development using Express.js and TypeScript.

Implemented cloud solutions on AWS, including EC2, Lambda, and ECS.

Worked with React, Redux, and GraphQL for data management.

Managed database migrations and ensured data integrity across systems.
- Fullstack Developer

FunicTech

20-Nov-2023 to 28-Feb-2025

Maintained and upgraded geospatial APIs for Liberty Mutual.

Utilized Python, Node.js, and React for backend and frontend development.

Collaborated with AWS teams for infrastructure management and migration.

Developed microservices using Docker, Kubernetes, and Helm Charts.

Integrated CI/CD pipelines with GitHub Actions and automated testing.
