

RAGHAVENDRA SHUKLA

Senior Full-Stack Developer

Email: sgitraghav@gmail.com | Phone: +91 9015239082 |

LinkedIn: <https://www.linkedin.com/in/raghavendra-shukla-b8573086/>

PROFESSIONAL SUMMARY

Senior Full-Stack Developer with 12+ years of experience in designing, developing, and optimizing scalable, high-performance web applications. Expertise in PHP (Laravel), Java (Spring Boot), and modern JavaScript frameworks including React.js. Strong background in RESTful APIs, microservices architecture, database optimization, and performance tuning. Proven ability to lead development modules, deliver end-to-end solutions, and improve system efficiency and reliability.

TECHNICAL SKILLS

- Programming Languages: PHP, Java, JavaScript
- Backend: Laravel, Spring Boot, SAP B1 IF, Salesforce
- Frontend: HTML5, CSS3, Bootstrap, Tailwind CSS, ReactJs
- CMS & Platforms: WordPress, WooCommerce, Magento 2, Moodle, Salesforce
- APIs: REST, SOAP, Third-Party Integrations
- Databases: MySQL, SQLite
- DevOps & Tools: Git, SVN, Jenkins, Composer, Swagger, Postman
- Cloud & Services: AWS, Google Cloud, Salesforce, Zoho
- Web Servers: Apache, Nginx
- Performance Optimization & Search: Core Web Vitals, Google Page Speed, GT Metrix, Elasticsearch, CloudFront, W3 Total Cache, WebPageTest
- Tools & IDEs: Jira, Avaza, Hub staff, VS Code, IntelliJ IDEA

PROFESSIONAL EXPERIENCE

Module Lead | Tarang Software Technologies Pvt. Ltd., Bengaluru | Nov 2024 – Present

Lead the development of scalable web modules utilizing **PHP**, **Java (Spring Boot)**, and **React.js**. Design and implement secure **RESTful APIs** for complex system integrations and middleware. Develop custom plugins and high-performance modules for **Magento 2**, **WooCommerce**, and **Moodle**. Execute **MySQL database optimization** and query tuning to enhance system efficiency. Mentor junior developers and conduct code reviews to ensure application reliability and clean architecture.

WordPress Lead | Quara Digital Pvt. Ltd. (Remote) | Oct 2023 – Mar 2024

Headed the WordPress department, focusing on custom theme/plugin development and CMS enhancements. Architected applications using **React.js** to create modern, responsive user interfaces. Integrated enterprise services including **Salesforce** via RESTful APIs. Achieved significant improvements in **SEO and Core Web Vitals** through technical performance audits.

Senior Software Developer | 108 Ideaspace Inc. (Remote) | Jun 2021 – Oct 2023

Developed and integrated APIs for enterprise applications. Designed optimized MySQL schemas for scalable backend systems. Integrated Salesforce and third-party services. Improved system performance and scalability.

Senior WordPress Developer | E2logy Software Solutions, Noida | Oct 2017 – May 2021

Developed custom PHP modules and WordPress solutions. Integrated frontend components with backend systems. Managed multiple client projects and ensured timely delivery. Gathered requirements and delivered tailored technical solutions.

PHP / WordPress Developer | Webswastech Pvt. Ltd., Faridabad | Jul 2014 – Sep 2017

Built reusable PHP modules and WordPress applications. Enhanced UI/UX and system integration. Managed multiple projects and met delivery deadlines. Documented requirements and provided technical solutions.

EDUCATION

Bachelor of Technology (B.Tech) – Computer Science & Engineering |

Shree Ganpati Institute of Technology, Ghaziabad

KEY COMPETENCIES

- Full-Stack Development
- System Design & Architecture
- API Development & Integration
- Performance Optimization
- Database Design & Optimization
- Code Review & Debugging
