

Nardeep Kaur

Sr. Finance Executive

Summary

With over 7 years of hands-on experience in accounting, I currently collaborate remotely with a U.S. based CPA firm, providing comprehensive services in bookkeeping, reconciliation, financial analysis, and reporting. My proficiency spans across various accounting software, including QuickBooks, Xero, and NetSuite etc.

In my previous role at a FinTech company, I played a pivotal role in integrating Xero with their application, overseeing User Acceptance Testing (UAT), and ensuring seamless system functionality.

As I am looking to expand my expertise, I am actively seeking opportunities that will allow me to leverage my existing skills while acquiring new knowledge in these areas.
