PROFESSIONAL SUMMARY

Highly organized and detail-oriented Project Manager with international experience in operations, finance, and workflow optimization. Proficient in Notion, Google Workspace, and documentation processes. Skilled in client communication, systems building, and cross-functional coordination for remote teams. Proven ability to manage multiple projects and ensure operational efficiency.

PROFESSIONAL EXPERIENCE

Dala Developments – Orlando/FL, USA

KEY PROJECTS

- **Manager | Jul 2024 – Present | Remote position**
 - Coordinated project timelines and internal tracking tools, ensuring on-time and within-scope delivery of more than 100 new construction projects.
 - Built and maintained SOPs and workflows using Notion and Buildertrend to support construction systems for 3 additional Counties.
 - Audited operational processes for a total of 4 different counties with a total of 5 phases, implementing improvements for efficiency and risk mitigation.
 - Onboarded and trained new team members, as well as managed team performance and competencies, ensuring smooth transitions and continuous improvement on operations and outcomes. Liaised with a portfolio of more than 80 subcontractors and cross-functional teams for seamless project execution.
- **Executive Assistant to CEO | Oct 2023 – Jul 2024 | Remote position**
 - Conducted financial support tasks including billing, invoice checks, and vendor payments for more than 50 registered vendors.
 - Coordinated documentation for permit applications and approvals.
 - Managed communication with clients to address project-related inquiries and updates.
 - Built and maintained SOPs and workflows using Notion and Buildertrend for construction systems in the first County where the company's operations started.
- **Sistema Faepa Senar Paraíba – João Pessoa/PB, Brazil**
 - Assistant | Oct 2023 – Jul 2024 | In person position
 - Processed invoices, confirmed deliveries, and managed supplier payments.
 - Assisted on the general organization of the event that included the participation of 23 exhibitors and 2000 attendees from 16 countries.
 - Maintained digital and physical records of event documentation.
 - Provided stakeholder support and coordinated travel logistics for speakers and committee members, and other attendees.
 - Prepared closing reports analyzing key event metrics and documenting successes, challenges, and lessons learned and presented to 13 partners.
