### EXPERIENCE

**Amira Learning, Inc, San Francisco, CA**

**01/2026-Present**

#### Consultant

- Provides guidance on financial processes, reconciliations, and operational improvements to support accounting and revenue functions

**TAS Environmental Services, LLP, Irving, TX**

**08/2025-12/2025**

#### Senior Reconciliation Analyst

- Lead vendor statement reconciliation to the AP subledger, validating balances, resolving discrepancies, and ensuring accurate invoice and payment application
- Drive identification and resolution of short pays, unapplied credits, duplicate invoices, and missing documentation by investigating root causes and implementing corrective actions
- Oversee analysis of invoice, PO, and receipt discrepancies, ensuring proper application of discounts, tax coding, freight charges, and posting accuracy
- Serve as a key liaison between vendors, procurement, and internal finance teams to resolve disputes, correct misapplied payments, and authorize adjustments or journal corrections
- Develop and maintain reconciliation reports, aging analyses, and exception tracking to monitor outstanding issues and ensure audit-ready documentation
- Support and influence month-end close activities, ERP data integrity initiatives, and process improvements that enhance AP accuracy, controls, and operational efficiency

**Amira Learning, Inc (formerly Istation), San Francisco, CA**

**06/2019-08/2025**

#### Accounts Payable Systems & Process Analyst

- Oversee accurate entry, coding, and validation of accounts payable invoices within the ERP system, ensuring proper general ledger classification and compliance with financial controls

- Manage invoice approval workflows, coordinating with department leaders to ensure timely routing, authorization, and adherence to internal policies
- Direct weekly payment cycles, including check runs and electronic disbursements, ensuring invoices are properly matched to purchase orders or approvals and authorized prior to release
- Administer and execute electronic payment operations, including ACH transfers, wire payments, and American Express (AMEX) transactions, maintaining strong payment controls and accuracy
- Ensure complete and accurate recording of all payment activity (check, ACH, and wire) within the accounting system to support reliable financial reporting
- Serve as the primary liaison for vendors, leading resolution of invoice discrepancies, payment inquiries, and account reconciliation issues
- Produce and analyze weekly and monthly AP reporting to monitor payment timelines, identify exceptions, and support financial oversight
- Lead monthly reconciliations of the AP subledger, corporate credit card programs, and related bank accounts to maintain ledger integrity
- Oversee corporate credit card administration for AMEX and Brex programs, including user management, transaction monitoring, and payment coordination
- Review and reconcile monthly credit card activity for AMEX @ Work and Brex accounts, ensuring accuracy and policy compliance
- Oversee invoice documentation management and expense allocation while managing employee expense report processing
- Audit employee expense reports to ensure adherence to company policy, proper documentation, and accurate financial classification
- Review and validate executive travel and expense submissions to ensure compliance and accurate reporting
- Administer and optimize the SAP Concur travel and expense platform, including configuration of approval workflows, system rules, and policy controls
- Provide operational oversight for SAP Concur modules (Expense, Travel, and mobile app) and partner with Concur Support to resolve system issues
- Coordinate with the travel management company to resolve booking issues and ensure smooth travel operations for employees
- Lead employee training initiatives on travel and expense systems, policies, and best practices to improve compliance and efficiency
- Maintain oversight of vendor master data to ensure accuracy, completeness, and compliance with internal controls
- Manage vendor onboarding and profile updates, including W-9 collection and 1099 reporting requirements
- Perform IRS TIN matching and manage B-Notice processes to maintain regulatory and tax compliance

**Clearview Energy, Dallas, TX**

**01/2019-06/2019**

#### **Accounts Payable Analyst (Contract)**

- Lead investigation and resolution of post-implementation issues within the Concur Invoice platform, including connector errors, data mapping discrepancies, and import/export failures to ensure system stability and data integrity
- Manage and escalate administrative support cases with Concur, coordinating troubleshooting efforts and driving system improvements and configuration enhancements
- Partner with internal stakeholders and clients to configure financial systems, streamline accounts payable workflows, and optimize invoice processing procedures
- Serve as the subject matter expert for Concur Invoice and Travel & Expense modules, providing strategic guidance, hands-on support, and user enablement across the organization
- Oversee maintenance of system configuration elements including user profiles, cost centers, general ledger accounts, and approval workflows to ensure operational accuracy and compliance
- Lead resolution of employee data synchronization and access issues to maintain seamless system functionality
- Direct vendor master data cleansing and standardization initiatives to support accurate integration between Concur and NetSuite platforms and strengthen financial data governance

**Istation, Dallas, TX**

**05/2018-01/2019**

#### **Accounts Payable & Reporting Analyst (Contract)**

- Oversee end-to-end processing of accounts payable invoices within the ERP system, ensuring accurate general ledger coding, compliance with internal controls, and timely payment processing

- Coordinate invoice intake, classification, and approval workflows to ensure efficient routing and adherence to vendor and organizational requirements
- Lead bi-weekly payment cycles, including check runs and electronic disbursements, ensuring invoices are properly matched, authorized, and distributed in accordance with company policies
- Manage electronic payment operations including ACH transfers, wire payments, and American Express transactions while maintaining strong payment accuracy and financial controls
- Ensure accurate recording of all payment transactions within the accounting system to support reliable financial reporting and audit readiness
- Serve as primary liaison for vendors, resolving invoice discrepancies, payment inquiries, and account issues to maintain strong vendor relationships
- Prepare and analyze weekly and monthly accounts payable reports to monitor disbursement timelines, identify exceptions, and support financial oversight
- Perform monthly reconciliations of the accounts payable ledger, corporate credit card programs, and bank accounts to ensure data integrity and accurate financial records
- Administer corporate credit card programs (American Express and CitiBusiness), including cardholder management, transaction monitoring, and payment coordination
- Reconcile monthly corporate card statements and investigate discrepancies to ensure accurate expense reporting and compliance
- Manage remote deposit processes and maintain daily deposit tracking logs to ensure proper documentation and cash application controls
- Partner with Accounts Receivable to verify sales invoice status and ensure accurate recording of incoming payments
- Review and process customer refunds, ensuring appropriate approvals and accurate financial documentation
- Support sales operations by approving Salesforce opportunities and generating customer invoices to facilitate timely revenue recognition
- Oversee expense report intake, documentation management, and reimbursement processing for employees
- Support administration and configuration updates within the Concur travel and expense system, including workflows and audit rules
- Assist with auditing expense reports to ensure compliance with company policies and financial controls
- Provide guidance and training to employees on expense reporting processes and best practices
- Maintain oversight of vendor master data, ensuring accurate records and compliance with W-9 and 1099 reporting requirements
- Perform IRS TIN matching and manage B-Notice processes to maintain regulatory compliance
- Resolve complex vendor account issues and operational challenges while implementing process improvements to strengthen AP efficiency
- Analyze accounting workflows and recommend operational improvements to enhance process accuracy, controls, and reporting capabilities
- Support the CFO with financial analysis, operational initiatives, and special projects impacting accounting and finance operations

**La Quinta by Wyndham Hotels, Irving, TX**

**04/2017-04/2018**

**Vendor Maintenance, Travel Agency Commission, and Accounts Payable Analyst (Contract)**

- Lead vendor master data governance initiatives, including large-scale cleanup of duplicate vendor records and development of standardized vendor onboarding procedures
- Oversee the accurate and timely creation of vendor profiles within PeopleSoft and integrated financial systems to maintain data integrity across platforms
- Maintain vendor master data consistency across multiple databases, implementing controls to ensure accuracy and compliance with financial policies
- Validate vendor tax information through IRS TIN matching tools to ensure regulatory compliance and reduce reporting risk
- Support annual 1099 reporting processes by coordinating vendor tax data validation and ensuring compliance with IRS deadlines and regulations
- Develop and maintain vendor maintenance training documentation; onboard and mentor new specialists to ensure adherence to established procedures
- Identify process gaps and policy deficiencies within vendor management operations and collaborate with leadership to implement operational improvements
- Manage monthly travel agency commission processing, serving as the primary liaison between internal departments and external partners to ensure accurate and timely payments

- Review and reconcile commission transactions, investigating discrepancies and implementing corrective actions when necessary
- Lead resolution of travel agency commission inquiries, ensuring prompt response and accurate payment reconciliation
- Provide analytical support and reporting insights to account managers regarding commission performance and payment activity
- Serve as the central point of contact for internal inquiries related to commission payments and transaction status
- Partner with department managers to streamline commission processing workflows and enhance operational efficiency
- Develop and deliver training programs for new travel agency commission specialists to ensure operational consistency and knowledge transfer
- Investigate and resolve internal inquiries related to unclaimed property while supporting compliance with applicable regulations
- Monitor outstanding travel agency payments to ensure compliance with escheatment policies and reporting requirements
- Reconcile vendor aging reports, statements, and invoices to ensure accurate account coding, departmental allocation, and financial reporting
- Oversee monitoring and resolution of EDI invoice imports and other electronic file integrations to maintain smooth AP operations
- Support fraud prevention initiatives by analyzing payment trends, identifying anomalies, and escalating potential risks
- Partner with the Controller and AP Manager on strategic projects, financial reconciliations, and ad-hoc reporting initiatives
- Reconcile Comdata virtual Mastercard payment files to ensure accurate payment processing and reporting
- Prepare month-end AP accruals to support accurate financial statements and closing activities
- Coordinate with internal and external auditors to provide required documentation, reconcile discrepancies, and support audit readiness

**Demilec Inc, Arlington, TX**

**08/2016-04/2017**

#### **Accounts Payable and Concur Travel & Expense Analyst**

- Oversee high-volume supplier invoice processing, ensuring accurate purchase order matching, proper approvals, and adherence to payment timelines and internal controls
- Serve as the primary liaison for French Canadian accounts payable inquiries, leading resolution of vendor issues and maintaining strong supplier relationships
- Manage integration of CH Robinson freight transactions into SAP, ensuring accurate matching, validation, and system uploads
- Support and coordinate month-end close activities for the AP module, ensuring accurate reconciliation and timely financial reporting
- Collaborate with cross-functional teams across North America and international offices to resolve AP and expense management issues and improve operational alignment
- Coordinate audit documentation and provide required support for internal and external audit requests to ensure compliance and reporting accuracy
- Maintain and oversee record management for Canadian suppliers, ensuring data accuracy, completeness, and regulatory compliance
- Partner with Accounts Receivable teams to support collection efforts for French Canadian customers and resolve outstanding account issues
- Administer corporate travel and expense platforms (Concur, Cognos, SAP), ensuring system functionality and alignment with corporate policies
- Manage employee lifecycle updates within Concur, including user setup, terminations, cost center assignments, and approval workflow management
- Develop and deliver bilingual (French/English) training programs and documentation to support end-user adoption of Concur travel and expense systems
- Monitor compliance with corporate travel and expense policies using Concur audit tools and reporting oversight
- Conduct weekly T&E validation reviews, analyze discrepancies, and drive timely resolution of policy exceptions
- Coordinate non-compliance reporting and partner with leadership to communicate insights and corrective actions
- Oversee processing of North American employee expense reports, ensuring accuracy, policy adherence, and timely reimbursement
- Manage payments for corporate credit card programs and coordinate direct reimbursement processing through ADP payroll
- Generate custom Concur financial and operational reports using Query Studio to support CFO reporting and expense analysis
- Perform detailed audits of expense reports to ensure compliance with corporate policies and financial controls
- Maintain and optimize Concur system configurations, workflows, and audit rules to strengthen governance of the corporate T&E program
- Communicate system updates, disruptions, and feature enhancements to internal stakeholders to maintain operational transparency

- Support internal and external audit initiatives related to the Corporate Travel and Expense Program, contributing to compliance, reporting accuracy, and program improvements

**CRC Group (formerly Crump Wholesale Insurance), Dallas, TX**

**10/2010-08/2016**

### **Regional Insurance Accountant**

- Oversee preparation and distribution of ACH, wire, and check payment batches while ensuring accurate posting of cash receipts and disbursements in accordance with financial controls
- Maintain comprehensive documentation and audit trails for financial adjustments and transactions to support compliance and reporting accuracy
- Lead investigation and resolution of discrepancies across accounts payable, accounts receivable, and account current balances, implementing corrective actions as needed
- Partner with sales teams and carrier partners to resolve billing disputes, reconcile payment variances, and ensure accurate financial settlement
- Reconcile commission payments and proactively investigate discrepancies to maintain accurate compensation reporting
- Perform detailed account reconciliations in alignment with internal control standards and financial reporting requirements
- Support general ledger accuracy through preparation and review of journal entries and financial adjustments
- Manage monthly accounts payable accrual processes and oversee high-volume invoice payments for account current balances
- Analyze MGA market statements and open AP reports to identify aging items, research discrepancies, and resolve debit/credit memos
- Direct preparation and execution of wire transfers, ensuring timely payment processing and strong payment controls
- Investigate invoice and payment discrepancies, coordinating with internal stakeholders and vendors to ensure prompt resolution
- Manage accounting activity related to payables, ensuring reconciliations remain accurate and aligned with financial records
- Prepare payment reclassifications and financial adjustments to ensure proper departmental allocation and reporting accuracy
- Perform commission adjustment analyses, including reconciliation and financial review of compensation transactions
- Coordinate responses to external auditor inquiries and provide supporting documentation to ensure compliance with audit requirements
