Experience

○ 2025 - 2026

ULTRAHUMAN

Associate Manager - Marketplace

At Ultrahuman, I managed global marketplace operations across multiple geographies including USA, EU, Canada, UAE, and India, ensuring seamless brand presence and performance across leading e-commerce platforms such as Amazon, Noon, Target, eBay, Blinkit, and Zepto.

I handled end-to-end marketplace management including product listing creation and optimization, catalog management, SEO-driven content enhancement, and brand storefront improvements to maximize visibility and conversions. My responsibilities also included multi-region compliance management, marketplace policy adherence, and coordination with platform account managers to resolve operational and compliance issues.

Through strategic listing optimization, cross-border catalog management, and marketplace collaboration, I ensured consistent brand positioning, regulatory compliance, and scalable growth across international markets and diverse e-commerce ecosystems.

DREAM ON ME

E-commerce Specialist

At The D.O.M. Family, a \$25M+ high-growth enterprise, I manage end-to-end operations across Amazon Seller and Vendor Central, Walmart, Target, Macy's, Staples, Faire, and BuyBuy Baby. I managed product catalog setup, compliance, licensing, dispute resolution, Vine enrollments, Andon Cord processes, and manage 4,000+ SKUs across 7 brands. My role also includes driving advertising campaigns, promotions, SEO-driven content optimization, and enhancing storefront user experience. With expertise across both B2B and B2C models, I ensure brand visibility, compliance, and sustainable growth across major retail platforms.

Key Responsibilities

- Managed & optimized catalogs for 4,000+ SKUs across 7 brands (valued at \$25M+) on Amazon, Target, Walmart, Macy's, QVC, Lowes, Faire and Shopify.
- Executed new item setups, Vine enrollment, and compliance documentation while resolving disputes, suppressions, and Andon Cord issues.
- Drove SEO-rich content optimization, A+ content, UGC integration, and brand creatives to enhance PDPs and storefront visibility.
- Planned and managed Amazon Ads (SP, SB, SD), promotions, and various Amazon programs to maximize sales performance.
- Analyzed KPIs (traffic, CTR, conversion) to optimize conversion funnels and boost catalog health across regions (US, UK, CA, IN).
- Negotiated with vendors & retailers, maintaining strong communication and ensuring marketplace compliance.
- Partnered with cross-functional teams for creative alignment, campaign execution, and continuous performance improvements.
